

# HELP US UNDERSTAND AIR QUALITY IN THE YONGE AND EGLINTON NEIGHBOURHOOD

Sign up to  
participate [here!](#)

A team from the University of Toronto is studying air quality in the Yonge and Eglinton Construction Hub. Air quality monitors will be placed on balconies for 2 weeks this summer.  
**We are looking for volunteers who would allow us to install a monitor on their balcony!**

## WHO IS ELIGIBLE?

Citizen Scientists who volunteer must have an electrical outlet on their balcony. Research assistants must be able to visit once per week to check the instruments.

## PREFERRED LOCATIONS

Apartment buildings located within the boundary of:

- Erskine St on the North
- Mt Pleasant Rd on the East
- Soudan Ave on the South
- Edith Dr on the West

## QUESTIONS?

If you have any questions, contact Roger Browne at [constructionhub@toronto.ca](mailto:constructionhub@toronto.ca)
